**CORPORATION OF THE MUNICIPALITY
OF WHITESTONE
BY-LAW NO. 10-2005**

Being a By-law to regulate the use of land, and the character, location and use of buildings and structures in the Municipality of Whitestone

WHEREAS the Council of the Corporation of the Municipality of Whitestone has the authority to pass zoning by-laws pursuant to Section 34 of the Planning Act;

AND WHEREAS the Municipality was incorporated on January 1, 2000 by amalgamating the former geographic townships of Hagerman, East Burpee, Burton, McKenzie, Ferrie, and the westerly five lots of Croft;

AND WHEREAS the Municipality of Whitestone has adopted its first Official Plan on November 26, 2003;

NOW THEREFORE the Council of the Corporation of the Municipality of Whitestone,

ENACTS AS A BY-LAW OF THE CORPORATION AS FOLLOWS:

SECTION 1 - TITLE AND INTERPRETATION

- 1.01 This By-law may be cited as the Zoning By-law for the Municipality of Whitestone.
- 1.02 The Maps and Table annexed hereto as Schedules of the By-law are declared to be part of this By-law.
- 1.03 For the purposes of this By-law, the definitions and interpretations set out herein shall govern.
- 1.04 Nothing in this By-law shall be construed to exempt any person from complying with the requirements of any other by-law of the Municipality or of any law of the Province of Ontario, or Canada.
- 1.05 The provisions of this By-law are held to be the minimum requirements adopted for the promotion of the public health, safety, convenience or general welfare of the Municipality.
- 1.06 In the event of an inconsistency or conflict between two or more provisions in this By-law, the more restrictive provision shall prevail.

- 1.07 The provisions of this By-law may not apply to Crown land. However, this By-law reflects the established planning policies of the Municipality and it is intended that the Crown shall have regard for the provisions of this By-law.
- 1.08 Numerical figures used in this By-law are given in metric units and are intended to provide the sole standard governing the provisions of this By-law. Conversions of these metric units to equivalent imperial units may be deemed acceptable by the Municipality when the conversion is made to at least two decimal places.
- 1.09 In this By-law, words importing the singular number include, where appropriate, more persons, parties or things of the same kind than one, and a word interpreted in the singular number has a corresponding meaning when used in the plural.
- 1.10 Where any Act or portion of an Act is referred to in this By-law, such reference shall be interpreted to refer to any subsequent renumbering of sections in said Act and/or changes in the date of said Act.

1.11 Former By-laws

Any by-law passed prior to the passage of this by-law under section 34 of the Planning Act is hereby repealed. The adoption of this by-law will not exempt any person or use of property from complying with the requirements of any other by-law in force at the time of passage of this by-law.

1.12 Ministers Orders

Any Ministers Order that is in place in any part of the Municipality shall continue to apply except that all other applicable general provisions and zone requirements of this by-law shall also apply.

SECTION 2 - DEFINITIONS

In this By-law:

- 2.01 **Accessory Apartment**: means that part of a building originally constructed as a single detached dwelling and which has been altered, renovated or enlarged to accommodate a second self-contained dwelling unit.
- 2.02 **Accessory Building**: means a detached building located on the same lot as the main building, the use of which is incidental or subordinate to that of the main building.
- 2.03 **Accessory Use**: means a use of lands or buildings which is incidental or subordinate to the principal use of the said lands or buildings.

- 2.57 **Dwelling, Split Level**: means a dwelling in which the first floor above finished grade is so constructed as to create two or more different levels, the vertical distance between such levels being less than the full storey. For the purpose of this By-law, a split-level dwelling shall be considered a one storey dwelling.
- 2.58 **Dwelling Unit or House**: means one or more rooms in which only one separate kitchen is provided, with a private entrance from outside the building or from a common hallway or stairway inside the building.
- 2.59 **Erect**: means to build, construct, reconstruct or relocate and, without limiting the generality of the word, also includes:
- a) any excavating, dredging, filling, draining, or the creation of retaining walls, beams, siding or breakwalls;
 - b) placement or the construction of docks, wharves, piers, rafts or pumphouses;
 - c) altering any existing building or structure by an addition, enlargement, extension or other structural change; and,
 - d) any work which requires a building permit under the Building By-law of the Municipality.
- 2.60 **Exotic Animals**: includes those animals not indigenous to the country.
- 2.61 **Fairground**: means an agricultural fairground where farm produce is on display for judging and for sale, and livestock shows, horse racing and other sports events are held.

- 2.62 **Farm**: includes land or buildings used for growing or storing trees, grain, vegetables, fruit crops or any other agricultural product, a fishery or hatchery for trout farming or other species.
- 2.63 **Farm, Specialized Use**: means land or buildings which are predominantly used for the raising of chickens, turkeys or other fowl, fur-bearing animals, hogs or the growing of mushrooms, or the intensive feeding of cattle in a confined area.
- 2.64 **Flood Plain**: means an area of land adjacent to a waterbody which may be flooded during highwater events, but is not subject to significant water currents.
- 2.65 **Floodway**: means an area which may be inundated by water during high water events and is subject to significant flow currents which could erode the supporting terrain or displace building supports.
- 2.66 **Floor Area**: means the space on any storey of a building between exterior walls and required firewalls, including the space occupied by interior walls and partitions, any private garage, carport, storage area, breezeway, porch, veranda, unenclosed porch or unenclosed veranda, but does not include the space occupied by exits, vertical service spaces and their enclosing assemblies, a basement, a cellar, an attic or a boathouse.
- 2.67 **Floor Area, Ground**: means the floor area of the first storey of any building or structure and it includes, in the case of a dwelling unit, the area of any private garage, porch, veranda, unenclosed porch or unenclosed veranda.
- 2.68 **Floor Area, Gross**: means the sum total of the gross horizontal areas of all storeys of all buildings excluding attics and basements when used solely for the purpose of storage.
- 2.69 **Forest Management Area**: means land used for wood lot conservation or forest management practices carried out under a programme of the Ministry of Natural Resources.
- 2.70 **Funeral Home**: includes a building or structure designed for the purpose of furnishing funeral supplies and services to the public and includes facilities intended for the preparation of human bodies for interment or cremation.
- 2.71 **Garage, Private**: means an accessory building or a portion of the main building including a carport, which is designed or used for the storage of one or more private vehicles and the storage of household equipment incidental to residential occupancy and in which no business, occupation or service is conducted for profit.
- 2.72 **Garage, Public**: means a building which is used for the servicing, repair or equipping of motor vehicles, or where such vehicles are parked or stored for remuneration, hire or sale.

- 2.73 **Garden Suite**: means a one-unit detached residential structure containing sanitary and kitchen facilities that is accessory to an existing permanent residential structure and that is designed to be portable, but does not include a mobile home, a trailer or any type of a recreational vehicles [also known as a granny flat].
- 2.74 **Gazebo**: means a detached accessory building to a single detached dwelling either enclosed or unenclosed to be used exclusively to accommodate persons and furniture and shall not be suitable for overnight accommodation and shall not exceed 24 square metres.
- 2.75 **Golf Course**: means a public or private area used for the playing of golf and includes a driving range, but not a miniature course or similar uses.
- 2.76 **Group Home**: means a single detached dwelling unit in which not more than 10 persons, having physical, social or mental handicaps reside in a household under the appropriate supervision of supervisory personnel, who may also reside in the dwelling unit, and which is licensed and/or approved for funding under provincial statutes and in compliance with municipal by-laws. A dwelling unit occupied for the purpose of providing shelter for persons on parole or released from penal institutions, or for persons ordered to reside there as a result of a conviction of a criminal offence is not a group home.
- 2.77 **G.S.C.**: means the Geodetic Survey of Canada.
- 2.78 **Guest Cabin**: See Sleeping Cabin.
- 2.79 **Guest Room**: means a room or suite of rooms used or maintained for the accommodation of the public, which contain no cooking facilities.
- 2.80 **Height**: means, when used with reference to a building, the vertical distance between the grade at the front of a building and, in the case of:
- a) a flat roof - the highest point of the roof surface or the parapet, whichever is greater;
 - b) a mansard roof - the deck roof line;
 - c) a gable, hip or gambrel roof - the mean distance between the eaves and the ridge; and,
 - d) an "A"-frame construction - one and one half times the mean distance between the eaves and the ridge.
- 2.81 **Highwater Mark**: means the normal water mark of any water at the time of the original survey of the Township unless altered by the construction of a dam or dams belonging to any municipal, provincial or other public authority, in which case the measurement shall be from the highwater mark as controlled by such dam or dams.

- 2.82 **Home Industry**: means a gainful occupation including an animal hospital, electrical, woodworking, window frame, welding, plumbing, machine or auto repair shop, or blacksmith, conducted in whole or in part in an accessory building to a single detached dwelling house.
- 2.83 **Home Occupation**: means a gainful occupation conducted entirely within a single detached dwelling or a permitted accessory building by persons residing therein.
- 2.84 **Hospital, Public**: means an institution as defined by the Public Hospitals Act, being Chapter P40 of the Revised Statutes of Ontario, 1990, as amended from time to time.
- 2.85 **Hotel**: includes a commercial establishment other than a boarding house, catering primarily to the travelling public by supplying overnight sleeping accommodation with or without meals.
- 2.86 **Hunt Camp**: means any land or buildings which are used solely for the incidental habitation of persons angling or hunting wildlife.
- 2.87 **Institution**: means any building or structure or part thereof used for a non-commercial purpose by any organization, group or association for the promotion of charitable, educational or benevolent objects but it does not include a private club, mental health centre or place of detention.
- 2.88 **Island**: means a parcel of land which is capable of being conveyed and which is entirely surrounded by water.
- 2.89 **Kenel**: includes a place where dogs and/or other animals other than livestock are bred and raised, or are sold or kept for sale, boarded or trained.
- 2.90 **Kitchen**: means a room or part of a room where food is stored or prepared or cooked, and which has cooking appliances.
- 2.91 **Landscaping**: means any combination of trees, shrubs, flowers, grass or other horticultural elements, together with decorative stonework, paving, screening or other architectural elements, all of which is designed to enhance the visual amenity of a property and to provide a screen to mitigate any objectionable aspects that may detrimentally affect adjacent land.
- 2.92 **Lane**: means a public thoroughfare which affords a secondary means of access to abutting lots, but which does not include a street or private road or right-of-way.
- 2.93 **Laundromat**: includes a building or structure where the service of coin-operated laundry machines, using only water, detergents and additives is made available to the public.
- 2.94 **Library**: means a building or room housing a collection of books, pamphlets, etc.; esp., such a collection arranged to facilitate reference.

- 2.95 **Lodge**: includes a Tourist Establishment that has facilities for serving meals and furnishes equipment, supplies or services to persons in connection with angling, hunting, camping or recreational purposes.
- 2.96 **Lot**: means a single, separate parcel of land, which is capable of being conveyed, whether such a parcel is described in a registered deed or is shown in a registered plan of subdivision including any of its parts which are subject to right-of-way or easement.
- 2.97 **Lot Area**: means the total horizontal area within the lot lines of a lot. In the case of a corner lot having a sight triangle or having street lines rounding at the corner with a radius of 6 metres or less, the lot area of such lots shall be calculated as if the lot lines were extended to their point of intersection.
- 2.98 **Lot, Corner**: means a lot situated at the intersection of and abutting upon two or more roads provided that the angle of intersection of such roads is not more than 135 degrees.
- 2.99 **Lot Coverage**: means the percentage of the lot area covered by building and structure including accessory buildings, but not including buildings located over the Crown lake bed or uncovered structures.
- 2.100 **Lot Depth**: means the horizontal distance between the front and rear lot lines. Where the front and rear lot lines are not parallel, it shall be the length of a straight line joining the mid-points of these lines. Where the side, front and rear lot lines are not determinable, the lot depth shall be the maximum separation between any two points on the boundary of the lot.
- 2.101 **Lot Frontage**: means the horizontal distance between the side lot lines measured along the front lot line, but where the front lot line is not a straight line, or where the side lot lines are not parallel, the lot frontage is to be measured either by a line equal to the minimum front yard measured back from and parallel to the chord of the lot frontage, or by the chord of the lot frontage, whichever is the greater. For the purpose of this paragraph the chord of the lot frontage is a straight line joining the two points where the side lot lines or the lines, as defined in Section 2.94, extending from the side lot lines intersect the front lot line.
- Where the side, and/or front and/or rear lot lines are not determinable, the lot frontage shall be the distance of the maximum separation between any two points on the boundary of the lot.
- 2.102 **Lot Line**: means any boundary of a lot or the vertical projection thereof.

2.103 **Lot Line, Front:** means, in the case of an interior lot, the line dividing the lot from the road. In the case of a corner lot, the shorter lot line abutting a road shall be deemed to be the front lot line and the longer lot line abutting the road shall be deemed to be a side lot line. In the case of a through lot, the lot line where the principal access to the lot is provided shall be deemed to be the front lot line.

In the case of a lot with water frontage on a navigable waterway, the front lot line shall be the highwater mark of such waterway. In the case of a lot fronting on a road allowance or Crown Reserve along the shore of a navigable waterway, the front lot line shall be measured between the points where two straight lines extended from the intersection of the side lot lines with the inner limit of that shoreline road allowance or Crown Reserve intersect at an angle of 90 degrees with the highwater mark.

2.104 **Lot Line, Rear:** means the lot line opposite the front lot line.

2.105 **Lot Line, Side:** means any lot lines other than the front lot line and the rear lot line.

2.106 **Lot, Through:** means a lot bounded on two opposite sides by roads or navigable water.

2.107 **Manufacturing:** means the use of land, building or structure designed for the purpose of manufacturing, assembly, making, preparing, inspecting, ornamenting, finishing, treating, altering, repairing, warehousing or storing or adapting for sale of any goods, substance, articles, thing or service, but shall not include an obnoxious use, mine, pit or quarry.

SECTION 3 – GENERAL PROVISIONS

3.01 Zones

For the purpose of this By-law, the following Zones are established and are shown on the various sheets comprising Schedule 'A' to this By-law:

Zone	Zone Symbol
RURAL	RU
RURAL RESIDENTIAL	RR
WATERFRONT RESIDENTIAL 1, 2, 3	WF1, WF2, WF3
WATERFRONT RESIDENTIAL 1, 2, 3 - HOLDING	WF1-H, WF2-H, WF3-H
GENERAL COMMERCIAL	C1
RESORT COMMERCIAL	C2
INDUSTRIAL	M1

INDUSTRIAL PIT	M2
INDUSTRIAL PIT AND QUARRY	M3
WASTE DISPOSAL	WD
OPEN SPACE	OS
ENVIRONMENTAL PROTECTION	EP
FLOOD PLAIN	FP
CROWN LAND	CL
SPECIAL PROVISIONS	SP

and no person shall use any land or erect, alter or use any building or structure except in accordance with the provisions of this By-law.

3.02 Zone Boundaries

Where the boundary of a zone does not coincide with a road, a railway right-of-way, a lot line, the boundaries of registered plans, or a natural feature such as a creek, stream or shoreline, the location of the boundary line shall be scaled from the Zoning Maps - Schedule 'A'.

3.03 Accessory Uses

- a) Where this By-law provides that land may be used or that a building or structure may be erected, altered or used for a purpose, that purpose shall be deemed to include any accessory building or structure or any use incidental thereto. Except as may be provided in this By-law, an accessory building, structure or use may only be established once the main building, structure or use has been established.
- b) Except as may be provided elsewhere in this By-law, any accessory building or structures which is not attached to the main building shall be erected behind the front line of the main building or shall comply with the yard requirements for the main building for that zone. Such accessory building or structure shall not exceed one and one half storeys in height.
- c) Notwithstanding sub-paragraph (b) above, a boathouse, sauna, dock, gazebo or wharf may be located in the front yard, side yard or rear yard where a lot abuts a navigable waterway, provided that the approval of any other governmental authority having jurisdiction has been obtained and provided that the boathouse, sauna, dock or wharf is located not closer than 6 metres to the side lot line and does not encroach upon said 6 metre side yard when the lot boundaries are extended into the water.

- d) Where an accessory building is used for a Home Industry, as defined in this By-law, such buildings shall be located on the lot at a setback from any abutting road or street which is 15 metres greater than the setback required by this By-law for the main building on the lot.
- e) The use of any accessory building or structure, other than a sleeping cabin, for human habitation is not permitted, except where a dwelling unit is a permitted accessory use. The use of any accessory building or structure for the keeping of animals, other than domestic pets, is not permitted in any Residential or Waterfront Zone unless specifically authorized by the provisions of that zone.

3.04 Application of By-law

This By-law applies to all the lands within the Municipality.

Notwithstanding the provisions of Section 3.02, where any Zone on the Schedules abuts a waterway, such Zone shall be deemed to extend into the waterway and to apply to any water lots, Crown lake bed or any land created by changing lake levels, land fill operations or by any other means, and to extend over all docks, boathouses, breakwalls, groins, seawalls, cribs, anchorages and floating or buoyant structures, boats or barges whether or not they are fastened to the shoreline, beached or anchored to the Crown lake bed.

No building or structure shall be erected, altered or used, and the use of any building, structure or lot shall not be changed in whole or in part except to accord with only those uses expressly permitted by the provisions of this By-law.

3.05 Automobile Service Station or Public Garage

Notwithstanding the provisions of this By-law and Schedule 'A' attached hereto, a pump island may be located within any front yard or exterior side of an automobile service station or public garage, provided that:

- a) the minimum distance between any portion of the pump island and any lot line shall be 6 metres; and,
- b) where the lot is a corner lot, no portion of any pump island shall be located closer than 4 metres to the base of a sight triangle.

3.06 Bed and Breakfasts

- a) No bed and breakfast shall contain more than three rental bedrooms or guestrooms;
- b) the provisions of a home occupation shall apply to bed and breakfasts; and
- c) no bed and breakfast can be located closer than 0.5 kilometres from an existing bed and breakfast in a waterfront designation.

3.07 Boathouses

No person shall use land adjacent to, or a navigable waterway for, the purpose of a residential boathouse unless the following provisions are met:

- a) approval for the occupation or authorization of the Crown Lake bed for the boathouse has been obtained from any government authority having jurisdiction;
- b) the boathouse is not located closer than 6 metres to the side lot line, including the straight line extension of said lot line into the water;
- c) the boathouse is not used for human habitation;
- d) the maximum height of any boathouse is one storey;
- e) no boathouse can occupy an area exceeding two percent of the lot area or 100 square metres, whichever is the lesser; and
- f) no boathouse shall extend more than 25 percent of the total distance across the adjacent waterway measured from shoreline to shoreline, or a maximum of 15 metres whichever is the lesser.

3.08 Buildings to be Moved

No building or structure which would have required a building permit for its construction shall be moved to any location within the Municipality without the issuance of a building permit from the Municipality. This requirement does not apply to the temporary removal or placement of a floating dock or docks for winter storage.

3.09 Building Repair and Reconstruction

Nothing in this By-law shall prevent the repair or reconstruction of a building or structure that is legal non-conforming, provided that such repair or reconstruction does not further contravene the provisions of this By-law, or the Planning Act.

3.10 Certificate of Occupancy

No change may be made in the type of use of any lot covered by this By-law or of any building or structure on any such lot or of any part of such lot, building or structure, until a Certificate of Occupancy has been issued by the Municipality to the effect that the proposed use complies with this By-law.

3.11 Continuation of Farming Use

Nothing in this By-law shall prevent the continued use of any land, building or structure for farming purposes or any addition or extension of such use provided that any such additions or extensions shall comply with the requirements of Schedule 'B' for a Rural (RU) Zone as to coverage, yard and height provisions.

3.12 Coverage Maximums - Residential

Notwithstanding the maximum lot coverages prescribed on Schedule 'B' and all other applicable requirements:

- a) all residential lots will be allowed a lot coverage of 100 square metres; and,
- b) all residential lots will be subject to a maximum lot coverage of 500 square metres.

3.13 Decks

Notwithstanding the yard and setback provisions of this By-law, a open air detached accessory deck on a lot zoned for residential use may be located in the front yard, if the total area of the deck does not exceed 14 square metres and if the floor of the deck is no more than 2.0 metres above the grade of the land over which it is located.

3.14 Derelict Automotive Vehicles and Boats

Notwithstanding any of the other provisions of this By-law, no person shall use land for the purpose of keeping, storing, or using for parts, an abandoned or derelict automotive vehicle not having a current year license plate, or not capable of movement under its own power or any derelict boat or vessel affixed to the ground, in any zone in the Municipality, except within an enclosed building.

3.15 Dock Regulations

No person shall use land adjacent to, or a navigable waterway for the purpose of a dock or docks unless the following provisions are met:

- a) A dock or wharf permitted under Section 3.03(c) including any boathouse hereof shall not:
 - i) occupy more than 35% of the lot frontage; or,
 - ii) occupy more than 1% of the total lot area or 150 square metres, whichever is lesser.
- b) a dock located on a lot zoned residential use is an accessory structure that is incidental to the main dwelling on the lot and shall not be constructed unless:
 - i) there is a main dwelling on the lot; or,
 - ii) a temporary or conditional building permit has been issued for the dock.

- c) any dock(s) or wharf located in a waterway less than 30 metres in width shall be oriented so that it causes any boat, when docked, to be approximately parallel to the centre line of the waterway adjacent to the dock.
- d) no dock shall extend more than 25 percent of the total distance across the adjacent waterway measured from shoreline to shoreline, or a maximum of 15 metres whichever is the lesser.
- e) the dock is setback from the side lot line six metres including the extension of the side lot line into the water for a minimum distance of 20 metres.

3.16 Dredging and Filling

No person shall dredge or fill any navigable waterway or wetland unless:

- a) specifically authorized by the provisions of Section 17 – Special Provisions; or
- b) such lands or waters are zoned in a Commercial Zone or in an Industrial Pit Zone.

All dredging and filling must be authorized by any governmental organization having jurisdiction.

3.17 Dwelling Unit in Non-Residential Building or Lot

No person shall use any land, or erect, alter or use any building or structure for the purpose of a separate dwelling unit or units on a lot not zoned for residential use or within any portion of a commercial building, unless the following provisions are met:

- a) Up to two single dwelling units are permitted for the personal use of the owner, operator or an employee of the non-residential use, provided that each unit has a private water supply and sewage system, which has been approved by the appropriate authority.
- b) The dwelling unit or units has a minimum floor area in accordance with the requirements of the Building Code Act.
- c) The dwelling unit or units has separate washroom and kitchen facilities from those of the non-residential use.
- d) Each dwelling unit or units shall have a separate parking space in addition to the commercial parking provisions of this By-law.
- e) The dwelling unit or units shall have a separate building entrance to that provided for the non-residential use.
- f) The gross floor area of the residential portion of a non-residential building in a Commercial Zone shall not exceed 50 per cent of the total floor area.

Notwithstanding the provisions of this By-law, no dwelling unit shall be located in a non-residential building that is used for an Automobile Service Station or a Public Garage.

3.18 Existing Buildings on Lots With Inadequate Requirements

Where one or two single detached dwellings legally exist on a lot with inadequate frontage, depth or area requirements, either may be enlarged provided there is compliance with all other applicable provisions of this By-law.

3.19 Extensions of Existing Buildings Encroaching Upon Yards

Notwithstanding the yard provisions of this By-law, the extension of any legal non-conforming building which has less than the required yard requirements is allowed, provided that such extension does not further contravene the yard provisions of this By-law.

3.20 Flood Elevations

The access openings to habitation areas and the habitation areas of new buildings and structures shall be above a minimum elevation for the following lakes:

- a) Gooseneck Lake: 1.44 metres above the top of the outlet dam;
- b) Kashegaba Lake: 1.45 metres above the top of the outlet dam;
- c) Wahwashkesh Lake: 229.57 metres above sea level.

3.21 Frontage on Public Road or Street

No person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon an open public highway maintained year-round by the Municipality or public authority, except in:

- a) A Waterfront Zone, a seasonal dwelling unit may front on a navigable waterway subject to the Limited Services provisions of this By-law and any applicable private road agreements and further provided that the right-of-way does not exceed one kilometre in length;
- b) A Rural (RU) zone, a hunting camp provided there is legal access to the subject lands;
- c) A commercial or industrial zone, the lot may front upon a private road or right-of-way having a minimum width of 20 metres.

3.22 Garden Suite

- a) A garden suite may be permitted as a temporary use in accordance with the definition set out herein for a period not exceeding ten years.
- b) Prior to the issuance of any building permit for a garden suite, Council shall require that the owner enter into an agreement with the Municipality in accordance with the Municipal Act.
- c) Upon the expiry of the period of time authorizing the temporary use of the garden suite, the provision of Section 34(9)(a) of the Planning Act does not apply to the use that has been temporarily authorized.

3.23 Golf Courses

Notwithstanding the general or any other provisions of this by-law a golf course either as a principal or accessory use, is not permitted.

3.24 Group Homes

Group homes shall be permitted in all zones that allow residential uses, provided they are licensed by the Province and/or approved under Provincial Statutes and in compliance with municipal By-laws.

No group home shall be located closer than 800 metres in a straight line distance to any another group home.

3.25 Height Exceptions

- a) A place of worship, spire, belfry, clock tower, chimney, water tank, windmill, antenna (not including satellite dishes), or solar collection devices may exceed the height provisions of Schedule 'B'.
- b) A public building, sanatorium, hospital or school may be erected to a height not exceeding 23 metres, provided the required yards are increased by 0.5 metres for each additional 0.5 metres of height by which the said building exceeds the height limit of the zone in which it is situated.

3.26 Holding Provisions - 'H' Suffix

- a) All zones shown on Schedule 'A' to this By-law having the suffix '(H)' symbol affixed to the various zone symbols are subject to the provisions of this subsection.

- b) Notwithstanding the permitted uses in any of the zones of the By-law, no person shall within any lands having the suffix '(H)' symbol added to the standard zone symbols as indicated on Schedule 'A' to this By-law, use any lot, erect, alter or use any building or structure for any purpose except a single detached dwelling where a dwelling is a permitted use. In addition, accessory buildings and structures to single detached dwellings are permitted.
- c) The Holding symbol 'H' shall be removed upon the execution of a site plan agreement by the land owner and Council.

3.27 Home Industry

No person shall engage in a permitted home industry, except in accordance with the following provisions:

- a) a maximum of four (4) persons may be engaged in the home industry.
- b) such home industry may be located in part of a dwelling, or in any accessory building located on a lot on which a dwelling is in existence, provided the total gross floor area utilized by the home industry does not exceed a maximum of 300 square metres.
- c) there shall be no outside storage of goods, materials or articles.
- d) Notwithstanding Section 2.76, only currently licensed motor vehicles associated with the home industry may be parked or stored on the lot but only within an interior side or rear yard.
- e) there shall be no emission of noise, odour or dust which is not normally attributed to the use of the land for residential uses.
- f) a home industry shall be clearly secondary to the main residential use and shall not change the residential character of the dwelling on the lot.
- g) the home industry shall comply with the following minimum lot area, yard and setback provisions.
 - i) minimum lot area 0.8 hectares (2.0 acres)
 - ii) minimum setback from 30.0 metres (100 feet)
 all lot lines
 - iii) minimum separation 100.0 metres (328 feet)
 from dwelling in
 existence on another lot

3.28 Home Occupation

A home occupation is a permitted use within a single detached dwelling on any lot zoned for residential use provided that:

- a) there is no external display or advertising, other than a sign erected in accordance with any by-laws of the Municipality regulating signs;
- b) there is no external storage of goods, materials or equipment;
- c) such home occupation is clearly secondary to the main residential use and does not change the character of the main dwelling unit nor create or become a nuisance in regard to noise, traffic or parking; and
- d) not more than 45 percent of the floor area of the main dwelling unit is used for the home occupation use.

3.29 Hunting Camps

Hunting camps are permitted in any zone except the Environmental Protection (EP) and the Flood Plain (FP) Zones subject to a minimum building size of 10 square metres and a maximum building size 50 square metres or in the case of a WF Zone, in accordance with the requirements set out on Schedule 'B'.

3.30 Keeping of Animals

Subject to the provision of Section 3.11 (Continuation of Farming Use), no person shall use any land, or erect, alter or use any building, for the keeping of any swine, mink, goats, poultry, rabbits, mules, ponies, horses, cattle, sheep, llamas or exotic animals within any Residential Zone, other than for the keeping of domestic pets.

3.31 Kennels

Despite any provisions in this By-law to the contrary, commercial or boarding kennels shall only be permitted in an Industrial, Commercial or Rural Zone. The minimum separation distance between a kennel and any existing residential dwelling or any lot in a rural or residential zone shall be 150 metres.

3.32 Lane as Yard

Where the rear lot line of a lot adjoins any portion of a lane, one-half of the width of that portion of such lane may be considered part of the lot for the purpose of computing the area of the lot or the depth of any rear yard required under this By-law.

3.33 Lights

No person shall erect or use an outside light fixture in any zone except in conformity with the provisions contained in any by-law of the Municipality regulating such lights and in conformity with the following provisions:

- a) flashing lights other than navigational lights are prohibited;
- b) lights shall not be erected or used in ways which might confuse or interfere with normal navigation;
- c) lights installed for the purpose of navigational aid shall be approved by the government agency having jurisdiction; and,
- d) lights used to illuminate structures or property shall be arranged to direct light away from adjacent premises, roads or waterways.

For the purpose of this By-law, a light mounted on a pole, post, wall, tree or footing shall be considered to be an accessory structure.

3.34 Limited Services

Any lands zoned in the Waterfront Residential (WF) Zone having a symbol "LS" attached to the Zone will be subject to the provisions of this section.

The Limited Services "LS" symbol attached to any WF zoned lands means that the lands do not have direct frontage or access to a publicly maintained, year round road. The "LS" zoning symbol indicates that the provision of full municipal road services and access to the affected property by emergency vehicles may not be available.

3.35 Loading Space Regulations

- a) Loading Space Requirements

The owner or occupant of any lot, building or structure erected or used for any purpose involving the receiving, shipping, loading or unloading of persons, animals, goods, wares and merchandise and raw materials, shall provide and maintain at the premises on the lot occupied by the building or structure and not forming part of a street or lane, within the zone in which such use is located, one loading or unloading space 10 metres long, 3.5 metres wide and having a vertical clearance of at least 4 metres for each 450 square metres of floor area of the building or structure provided, however, that adequate space shall be provided for the parking of vehicles awaiting access to loading spaces. No loading space will be required for buildings less than 450 square metres of floor area.

b) Access

Access to loading or unloading space shall be by means of a driveway at least 6 metres wide.

c) Loading Space Surface

The driveways, loading and unloading spaces shall be constructed and maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles and with provisions for drainage facilities.

d) Location

The loading space or spaces required shall be located in the interior side or rear yard unless set back from the street line a minimum distance of 25 metres.

e) When a building or structure has insufficient loading space at the date of passing of this By-law to comply with the requirements herein, this By-law shall not be construed to require that the deficiency be made up prior to the construction of any addition. No addition may be built however, and no change of use may occur, the effect of which would be an increase in that deficiency.

3.36 Lot Additions and Encroachments

A lot that is reduced in size by the granting of a consent for the purpose of facilitating an addition of land to an abutting parcel shall be deemed to conform to the frontage, depth, and area provision of this By-law subject to the provisions of Section 3.37.

3.37 Lots Having Less Area, Frontage or Depth Than Required

Where a lot having a lesser frontage, area or depth than is required by this By-law is:

- a) held under distinct and separate ownership from abutting lots on or before the date of passing of this By-law; or,
- b) a lot on a registered plan of subdivision; or
- c) a lot created as a result of a consent granted by the Minister under the provisions of the Planning Act; or,
- d) created as a result of an expropriation or other land acquisition by any authority having statutory powers of expropriation; or,
- e) a lot created as a result of the granting of a consent by the land division authority prior to the passage of this By-law;

and where such a lot has a frontage of at least 30 metres, and a depth of at least 60 metres, or an area of at least 1,600 square metres, such lot shall be deemed to conform to the area, frontage and depth requirements of this By-law.

3.38 Measurement of Lot or Island Area

For the purpose of calculating the lot area of any island or lot fronting on a navigable waterway, the water level to be used shall be the high water mark.

3.39 Minimum Distance Separation

No building shall be constructed in the Rural zone which does not conform to the MDSI and MDSII Formulas.

3.40 Mobile Homes

No person shall erect, locate or use any mobile home or homes except in accordance with the Ontario Building Code Act and provided that they are located on permanently fixed foundations.

3.41 Multiple Zones

Where a lot is divided into more than one zone, each portion of the said lot shall only be used in accordance with provisions of the zone governing that portion and be subject to the provisions of Section 3.43.

3.42 Non-Conforming Uses

Continuation of Existing Uses

The provisions of this By-law shall not apply:

- a) to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose; or,
- b) to prevent the erection or use of any building or structure for which a building permit has been issued under the Building Code Act, prior to the day of passing of this By-law, for a purpose prohibited by this By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the permit has not been revoked under the Building Code Act;
- c) for the purpose of this Section, any dock used as such at the time of the incorporation of the Municipality shall be deemed to be lawfully used, notwithstanding the fact that it may have been constructed without an Improvement Permit being issued or obtained pursuant to Section 17 of the Public Lands Act RSO, 1970.

- d) the seasonal removal of docks does not affect their non-conforming status, provided they are returned to their former location;
- e) Residential Use in a Commercial Zone

Nothing in this By-law shall apply to prevent the alteration or enlargement of a residential dwelling unit or units existing on the day of passing of this By-law in a Commercial Zone, provided that the number of dwelling units is not increased and provided further that such alteration or enlargement is subject to all applicable general provisions and zone requirements of the Rural Residential (RR) Zone.

3.43 Number of Dwelling Units on One Lot

Only one dwelling unit shall be permitted on any lot, except in a Rural (RU) Zone, notwithstanding Schedule 'B' to this By-law, an additional dwelling unit in a separate building for the accommodation of a farm worker and his family is permitted, where the lot is greater than 25 hectares in area. Such additional dwelling unit shall have the same yard requirements and shall use the same driveway or entranceway as the principal dwelling on the lot.

Notwithstanding the above, a second dwelling unit is permitted on a residential lot that is located in any WF1, WF2 or WF3 zone inclusive, provided that each main dwelling unit has its own separate water supply and sewage disposal system approved by the appropriate authority and further provided that the second dwelling unit is a minimum of 60 metres from the main dwelling unit and provided that each dwelling unit would be able to comply with the lot and frontage requirements should a consent be granted.

3.44 Occupation of Unserviced Dwelling

No building shall be used for human habitation before the sanitary facilities have been installed and made fully operational.

3.45 Parking Area Regulations - Road Accessed Lands

Parking spaces and areas on every lot having access by road are required under this By-law in accordance with the following provisions:

- a) Parking Space Requirements

Every building or structure erected or used for any of the following purposes shall have the following parking spaces and areas:

Type of Building	Minimum Parking Required
Building containing one dwelling unit	1 parking space, or 1 garage, or a carport.
Building containing two or more dwelling units	1 ½ parking spaces for each unit.
Bed and Breakfast and Boarding House	1 parking space for each bedroom
Medical, Dental or Drugless Practitioner's Office or Clinic	5 parking spaces for each practitioner.
Place of Worship, Funeral Home, Auditorium, Restaurant, Theatre, Arena, Hall, private Club, or other Places of Assembly	Where there are fixed seats, 1 parking space for every five seats or 3 metres of bench space; where there are no fixed seats, 1 parking space for every 10 square metres of floor area devoted to public use.
Hospitals or Institutions	1 parking space for each 2 beds or 35 square metres of floor area whichever is greater, public one additional space for each doctor or employee.
Hotel or Motel	1 parking space per suite or guestroom, and 1 additional parking space for every 9 square metres of floor area devoted to public use.
Resort/Cottage Rentals	1 spaces per bedroom in Resort/unit
Office, including Home Occupation	1 parking space for every 10 square metres of office or home occupation floor area
Variety or Grocery Shop	1 parking space for every 9 square metres of total floor area.
A Retail Store, Service Store of other similar	1 parking space for every 9 square metres of retail floor establishment area or 15 square metres of service area.
Other Commercial Uses	1 parking space for every 15 square metres of total floor area.
Schools	1½ parking spaces for each classroom, plus 1 separate bus loading area for every 2 classrooms.
Industrial including Home Industry (see Section 3.27)	At least 1 parking space for every 90 square metres of total floor area used for such purposes up to 1800 square metres, plus one additional space for every 800 square metres of total floor area used for such purposes over 1800 square metres including any basement area if used for such purpose.
Marina	1.25 parking spaces for every docking slip.

b) Parking Area Requirements

Parking areas shall conform to the following provisions:

- i) the parking area shall be located on the same lots as the use it is intended to serve, except in the case of a water access lot where the parking area shall be located in a zone where such use is permitted by this By-law or within 500 metres of the lot it is intended to serve in the case of a commercially zoned property;
- ii) each parking space shall be at least 3 metres by 6 metres and shall be provided with unobstructed access to a street directly or by way of a driveway, aisle, lane or private road;
- iii) any parking area designed to serve water access lots shall have a minimum area of 100 square metres for each lot to be served and no parking shall be permitted within 15 metres of the high watermark or within 6 metres of any side lot line abutting a lot in a Residential Zone and be owned by or registered on title to the water access land owner.

c) Parking Area Surface

In a Commercial or Industrial Zone, parking areas and driveways or aisles connecting the parking areas with a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles. The parking area shall, before being used, be constructed of crushed stone, slag, gravel, crushed brick (or tile), cinders, asphalt, concrete, Portland cement binder or like material and with provisions for drainage facilities which have been designed and constructed so as to prevent erosion, the washout of such parking areas, driveways or aisles or the carrying of soil, sand or sediment into an adjacent waterway.

d) Ingress and Egress

- i) Ingress and egress, to and from the required parking spaces and areas shall be provided by means of unobstructed driveways or passageways at least 4 metres but not more than 10 metres in perpendicular width.
- ii) The maximum width of any joint ingress and egress driveway ramp measured along the street line shall be 10 metres.
- iii) The minimum distance between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be 7 metres.
- iv) The minimum angle of intersection between a driveway and a street line shall be 60 degrees.

- v) Every lot shall be limited to the following number of driveways:
 - (1) up to the first 30 metres of frontage - not more than 2 driveways; and,
 - (2) for each additional 30 metres of frontage - not more than 1 additional driveway.

e) Illumination

Where parking areas are illuminated, lighting fixtures shall be so arranged that no part of any fixture shall be more than 8 metres above the finished grade of the parking area. Fixtures shall be so designed and installed that the light is directed downward and deflected away from adjacent lots, roads and streets.

f) Addition to Building or Structure

When a building or structure has insufficient parking area at the date of passing of this By-law, nothing in this By-law shall be construed to require that the deficiency be made up prior to the construction of any addition. No addition may be built, however, and no change of use may occur, that would have the effect of further contravening the provisions of this By-law.

g) Use of Parking Spaces and Areas

Any area where parking is permitted under this By-law shall only be used for the parking of operational vehicles used incidentally to the permitted uses on the lot, bearing currently valid license plates or for the seasonal storage of boats.

h) Parking Area Location on Lot

Notwithstanding the yard and setback provisions of this By-law, uncovered surface parking areas in other than residential zones, shall be permitted in the required yard or in the area between the road or street line and the required setback provided no part of any parking area, other than a driveway, is located closer than 1 metre to any road or street line. In a residential zone, no parking shall be permitted in the required front yard of any lot except on a driveway of 6 metres maximum width.

3.46 Pits and Quarries

The making, establishment or operation of any new pit or quarry, except wayside pits, is prohibited except in the locations permitted and in accordance with the provisions of this By-law.

No person shall use any land, or erect, alter or use any building or structure for the purpose of processing, washing, sorting, screening or crushing rock, gravel or sand except in conformity with the provisions of this By-law.

Any pit or quarry permitted by this By-law shall be set back a minimum of 60 metres to any residential dwelling zone; 30 metres to any abutting residential zone; 50 metres to the limit of a township road; 20 metres to any abutting zone other than a residential zone, provided that where there is an adjoining pit or quarry operation on an abutting lot, excavation may be carried over and onto the adjoining lot in accordance with the site plan and with the written approval of the Municipality and the adjoining property owner; and 150 metres from the high water mark of any navigable waterway.

3.47 Public Uses

Nothing in this By-law shall prevent any land, building or structure other than in an Environmental Protection (EP) Zone and Flood Plain (FP) Zone, from being used:

- a) as a park, playground, cemetery, or as a site for a public statue, monument, cenotaph, fountain or other memorial or ornamental structure; or,
- b) by the Municipality or by any local board thereof, by any communications and utilities or by any other government agency, provided that:
 - i) no goods, material or equipment shall be stored in the open;
 - ii) the lot coverage and yard provisions prescribed for the zone in which the public use is located are complied with; and,
 - iii) any building erected pursuant to the provisions of this paragraph is designed and maintained in general harmony with the surrounding buildings.

3.48 Pumphouse Restrictions

Where a residential lot abuts a navigable waterway, a single pumphouse is a permitted accessory use which may be located in any front yard, side yard or rear yard provided that:

- a) the pumphouse is set back at least 3 metres from the high water mark;
- b) the maximum ground floor area of the pumphouse is 9 square metres;
- c) the maximum height of the pumphouse is 3 metres; and
- d) minimum side yard of 6 metres.

3.49 Railways

Where any road or street crosses a railway at the same grade, no building or structure shall hereafter be erected closer to the point of intersection of the centre line of both the railway and the road or public street than 30 metres where automatic signal protection is provided and 45 metres where no automatic signals are provided.

3.50 Reduction of Requirements

No person shall change the purpose for which any land, building or structure is used, or erect any new building or structure or addition to any existing building or structure or sever any land from any existing parcel, if the effect of such action is to cause the land or the original, adjoining or remaining buildings or structures to be in contravention of any of the provisions of this By-law.

3.51 Sauna

A sauna is a permitted accessory building which may be located in any front yard, side yard or rear yard provided that:

- a) approval is obtained from any government agency having jurisdiction;
- b) the maximum height is one storey not exceeding 4 metres;
- c) the maximum floor area is 25 square metres;
- d) minimum side yard of 6 metres; and
- e) minimum setback of 3 metres.

3.52 Setback From Environmental Protection Area

Notwithstanding the provisions of this By-law, all buildings and structures must be set back a minimum of 10 metres from all areas zoned Environmental Protection (EP) on Schedule 'A'.

3.53 Shore Road Allowance

Where a shore road allowance or Crown Reserve exists in front of any lot which has not been stopped up and acquired by the abutting land owner in whole or in part, the area of the shore road allowance or Crown Reserve above the highwater mark between the extension of the side lot lines may be considered part of the lot area or depth required by this By-law.

3.54 Shore Road Allowance as Yard

Notwithstanding the provisions of this By-law, where a shore road allowance or Crown Reserve exists in front of any lot, which has not been stopped up and acquired by the abutting land owner in whole or in part, a building or structure may be erected without a front yard provided the building or structure or any part thereof does not encroach upon the shore road allowance or Crown Reserve.

3.55 Signs

The provisions of this By-law shall not apply to prevent the erection, alteration or use of any sign, provided such sign complies with the by-laws of the Municipality regulating signs.

3.56 Sleeping Cabins

Subject to the provisions of this By-law, sleeping cabins are a permitted accessory use, on any lot zoned for residential use, provided that the maximum gross floor area does not exceed 50 square metres or does not exceed the ground floor area of the principal dwelling on the lot, whichever is the lesser.

3.57 Special Uses Permitted

The following uses are permitted in all zones, except the Environmental Protection (EP) Zone and the Flood Plain (FP) Zone within the Municipality:

- a) Temporary camps used in the construction of public works but only for so long as it is necessary for such works as may be constructed adjacent to the camp and only until such time as the work is completed, or abandoned, or;
- b) A tool shed, scaffold or other building or structure incidental to the construction on the premises where it is situated and only for so long as it is necessary for the work in progress and until the work is completed or abandoned.

"Abandoned" in this Section shall mean the failure to proceed expeditiously with the construction of a work, specifically abeyance of construction for six months.

3.58 Swimming Pools

The following provisions apply to outdoor swimming pools:

- a) For a single-detached, duplex, semi-detached and converted dwelling:
 - i) Swimming pools may not be constructed in a front yard, and not closer than 1 metre to any lot line, other than a street line, plus 0.3 additional metres distance for each 0.5 metres which the top edge of the swimming pool is above grade at the property line.

- ii) Swimming pools to be constructed adjacent to street lines, shall be set back the same distance as the dwelling is required to be set back, as set out in this By-law.
- iii) Every in-ground swimming pool in a residential zone shall be enclosed by a fence of at least 1.5 metres in height and located at a distance of not less than 1 metre and not more than 5 metres from the inside edge of the pool. Fences shall be constructed in accordance with the Municipality's Swimming Pool By-law.

b) For any other use:

Distance from any street or other lot line shall be 15 metres. The distance referred to above shall be measured from the inside edge of the swimming pool.

3.59 Temporary Uses

In all zones, except the Environmental Protection (EP) Zone and the Flood Plain (FP) Zone to which this By-law applies, a temporary accessory building or structure is a permitted use where such a building or structure is incidental to the construction of a main building or structure permitted by this By-law. Such a temporary accessory building or structure shall only be permitted while the work is in progress, or until the work is completed, and for a time period which shall not exceed three years.

3.60 Through Lot

Where a lot is a through lot, or where the front lot line of a lot is not determinable because of the lot or island configuration, the setback, frontage and front yard requirements contained herein shall apply on each road, or from each high water mark, in accordance with the provisions of the zone or zones in which such lot is situated.

3.61 Timbering

No person shall use any land, or erect, alter or use any building or structure for commercial timbering within 30 metres of a public road or within 120 metres of any navigable waterway. Any commercial timbering must be in accordance with the Ministry of Natural Resources' Timber Management or Forest Management Program Plan.

Note: The provisions contained in this section are regulated under Section 34 of the Planning Act and only apply to buildings, structures and uses of land. Other associated activities are not regulated by this section.

3.62 Tourist Commercial Regulations

Notwithstanding the provisions of this By-law, the following regulations shall apply to new and expanding or enlarging General Commercial (C1) and Tourist Commercial (C2) uses.

a) Minimum Waterbody Size (Where Applicable)

No General Commercial (C1) and Tourist Commercial (C2) zone shall be located on a recreational waterbody smaller than 30 hectares in surface area.

b) Minimum Lot Size

The minimum lot size for the General Commercial (C1) and the Tourist Commercial (C2) Zones shall be 0.4 hectares or 0.1 hectare per cottage rental unit, whichever results in the greatest requirement.

c) Minimum Water Frontage (Where Applicable)

The minimum water frontage required for General Commercial (C1) and the Tourist Commercial (C2) Zone shall be 60 metres or 20 metres of shoreline for each campsite or cottage rental unit, whichever results in the greater requirement.

d) Parking

Each General Commercial (C1) or Tourist Commercial (C2) Zone shall provide at least one parking space for each tent or trailer site, housekeeping cottage, motel, hotel or efficiency unit.

3.63 Trailers

No trailer may be used for human habitation except in accordance with the provisions of this By-law and in accordance with the Municipal Trailer By-law or when placed on a property for storage or sale when said property is used for a principal permitted use.

3.64 Unzoned Lands

Any lands illustrated on Schedule 'A' to this By-law without a reference to a zone symbol shall be deemed to be zoned Rural (RU) and all applicable provisions of this zone shall apply or in the case of islands, the provisions of the Waterfront Residential 3 (WF3) Zone shall apply.

3.65 Use for Hazardous Purpose

No land, building or structure shall be used for such Commercial or Industrial purpose as is likely to create a public nuisance or danger to health or danger from fire or explosion, except in accordance with the provisions of or regulations under The Gasoline Handling Act.

3.66 Waste Disposal Site To Be Set Back

Notwithstanding the provisions of this By-law, a waste disposal site must be separated from any standing body of water in excess of 20 hectares of surface area and rivers or creeks a minimum of 300 metres.

3.67 Yard and Setback Encroachments Permitted

a) Ornamental Structure

Notwithstanding the yard provisions of this By-law, sills, chimneys, cornices, eaves, gutters, parapets, pilasters or other ornamental structures may project into any required yard a maximum distance of 1 metre.

b) Accessory Structure

Notwithstanding the yard provisions of this By-law, drop awnings, clothes poles, flag poles, garden trellises, fences, retaining walls, signs, or similar accessory structures shall be permitted in any required yard.

c) Unenclosed Balcony, Patio, Steps or Deck

Notwithstanding the yard provisions of this By-law, an attached unenclosed and uncovered balcony, patio, steps or deck may project into any required yard a maximum distance of 4 metres if it is not covered and 2.0 metres if it is covered but not closer than 1.2 metres to any lot line and further provided that in the case of a balcony, deck or steps such uses are not more than 2 metres above finished grade.

d) Fire Escape

Notwithstanding the yard provisions of this By-law, an unenclosed fire escape and the structural members necessary for its support, may project into any required yard a maximum distance of 2 metres.

e) Railway Spur in Industrial Zone

Notwithstanding the yard provisions of this By-law, in an Industrial Zone a railway spur shall be permitted within any required yard or in the area between the street line and the required setback.

f) Gate House

Notwithstanding the yard provisions of this By-law, in an Industrial Zone, a gate (guard) house shall be permitted in a front or side yard in the area between the street line and the required setback.

g) Building in Built-up Area

Notwithstanding the provisions of this By-law, where a detached dwelling house or accessory use thereto is to be erected in a built-up area within a Rural Residential (RR) Zone where there is an established building line, such dwelling unit or accessory use may be erected closer to the street line or the centre line of the road or street, as the case may be, than required by this By-law provided such dwelling house or accessory use is not erected closer to the street line or to the centre line of the road or street, as the case may be, than the established building line on the date of passing of this By-law.

SECTION 4 - RURAL (RU) ZONE

4.01 Uses Permitted

No person shall within the Rural (RU) Zone, use any lot, or erect, alter or use any building or structure for any purpose except one or more of the following uses:

a) Rural Uses
