- Trail Access Point / Accès de piste
- You Are Here/ Vous êtes ici
- Parking/ Stationnement
- Lookout/ Point de vue

The **Whitestone Lake Recreational Trail** makes a 2.9 km loop through a diverse mixed forest with towering hemlock and vibrant oak trees. It is a steep climb to the lookout with sections where the trail's surface may be loose. Sturdy footwear is recommended. Allow 2-3 hours to complete the loop.

The forest is a shared resource available for a variety of users. Caution is required during open hunting season from October to December each year. Please respect private property.

### TRANSLATION REQUIRED

**Use at your own risk. Please respect wildlife and all other users.**

**À utiliser à vos risques et périls. Veuillez respecter la faune et tous les autres utilisateurs.**

This trail is part of the **Discovery Routes** network, an expanse of regional trails like no other.
